

PEST MANAGEMENT SERVICES

**REFLECTING
YOUR VALUES**

PEST MANAGEMENT SERVICES

Our integrated pest control services protect your premises, products and goods, and ensure they meet the appropriate quality, health and safety regulations. Our pest control solutions establish practices that allow you to comply with stringent local and international legislations and standards.

“ We are very satisfied with the support we get from PSIPL & the initiatives taken by the team. The best without a doubt.”

Suraj Rangnekar
VP- Administration
HDFC Bank

Termite Control

For all existing commercial and residential establishments, our experienced team visit your premises for an inspection thereby assessing the intensity of the infested area and submit a risk analysis report. This is followed by appropriate treatment to mitigate the infestation. We also undertake contracts for pre-construction treatment for termite free foundations as well as post construction phase.

Rodent Control

Our Rodent control package includes site inspection, sanitation, proofing, baiting and mitigating the rodent menace. We use contemporary anti-coagulant solutions to ensure prolonged safety from rodents.

Other Services

Bird Control

General Disinfestation

Bees Control

Wood Borer

Cockroach Control

Efficient and hassle-free infestation management of cockroaches with eco-friendly, odour-free solutions along with prudential use of gels and chemicals wherever necessary. Other crawling insects like red and black ants, silverfish and spiders are also covered in this treatment.

Anti-Mosquito Treatment

We achieve sustainable mosquito control by treating breeding grounds with herbal extracts and treatments like Larvicidal treatment, adulticidal treatment, foliar spray and fogging thus ensuring protection from vector borne diseases.
